

Understanding

SOCIAL DISTANCING

Right now, everyone needs to social distance. But, what does that mean?

I need to stay at home with my family.

I can't go to school right now. School is closed.

I will do some school work at home.

I can't play with my friends.

I can't visit my grand parents.

Sports are canceled

The playground is closed.

It is not fun.
It might feel scary.

We are all staying home
to help everyone stay
healthy.

I am safe at
home.

I won't be stuck
at home forever.

I will to school
and see my
friends and
family again.

There is still lots I can do.

I can read books.

I can play games.

I can watch TV.

I can play with my toys.

I can help with the chores.

I can call or message
someone if I miss them

I can play with my pet.

When it is safe:
I'll go back to school

See my family and
friends again

Play sports

And go to the
playground!

It might feel scary.
My family will take care of
me.

Things will go back to
normal. This is just for a
little while.

Thanks for using my
downloads! You can find
